

An aerial photograph of a tropical beach. The water is a vibrant turquoise color, transitioning to a deeper blue further out. The beach is a wide, sandy strip with many people walking and sunbathing. To the left, there are several multi-story buildings, likely hotels or resorts, surrounded by lush green palm trees. In the foreground, there are many thatched umbrellas and small structures, possibly part of a beach club or resort. A long pier extends into the water on the left side. Several boats are visible in the water, including a large ship and several smaller sailboats and motorboats. The overall scene is a picturesque tropical destination.
